LUCAS OPENS ATTEMPT AT RETRACTION

Says He Will Apologize for Cartoon if Smith Will State That He is Now for Prohibition.

WASHINGTON, Jan. 14. (AP)—Robert H. Lucas, executive director of the republican national committee, said today he would apologize to Alfred E. Smith for sending out a cartoon in the last election depicting him and Chairman John J. Raskob as "wet" if Smith would state he is now for for prohibition.

Lucas also inquired if Smith and the democratic chairman were ready to apologize for permitting a campaign to "misrepresent and smear" President Hoover.

The former New York governor, in a letter to Senator Wagner, (Dem., N. Y.) demanded an apology from the republican national organization for "permitting" Lucas to distribute a bar-room cartoon entitled "Al Smith-Raskob idea of happiness."

Says Statement Was False.

Smith said the cartoon contained a statement quoting him as saying the democratic party would soon be in control and would "make this a happy and prosperous nation," and "such statement was false."

"Governor Smith asks me to apologize," said Lucas in a formal statement from republican headquarters. "He says a cartoon was distributed which conveyed that he was 'wet.' He said the impression made there was based on incorrect information. If the governor will state he had done a complete about face since January, 1928, and is now for prohibition then I owe him an apology.

"In the meantime," he added, "I should be glad to know if the governor and Raskob are considering apologizing to the American people for the action of Governor Smith's hand-picked chairman, Mr. Raskob, in subsidizing, with large sums of money, an organized campaign to misrepresent and smear the president of the United States."

Letter Read Into Record.

Smith's letter was read into the record of the senate campaign funds committee yesterday on motion of Senator Wagner.

While little was heard at the capitol today of the Lucas-Smith incident Senator Glenn (Rep., Ill.) attempted to place in the record the reply of Frank R. Kent of the Baltimore Sun to democratic Chairman Raskob's statement denying Kent's charge that he was the "first mortgage holder" of the democratic party.

Senator Robinson of Arkansas, the democratic leader, objected to this and editorials from the Sun going into the record when it developed that Raskob's statement had not been recorded like publication.

$45,000,000 SEED LOAN IS APPROVED

Democrats Propose $25,000,000 be Given Red Cross for Aid.

WASHINGTON, Jan. 14. (AP)—The emergency appropriation of $45,000,000 for seed loans to drought stricken farmers was finally approved today by congress but in its wake came a new dispute over relief legislation. Senate democrats proposed a direct appropriation from the treasury of $25,000,000 for the Red Cross to administer relief and threatened an extra session, if necessary, to get it.

Senator Robinson, Ark., the democratic leader, offered the $25,000,000 proposal as the minority party yielded to the insistance of the administration controlled house for elimination from the drought relief measure of the $15,000,000 food loan provision sponsored by Senator Caraway(Dem., Ark.).

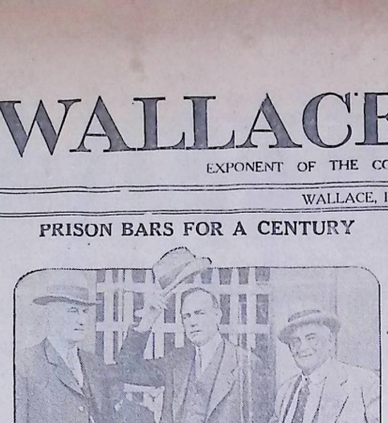

Senator Black (Dem., Ala.) joined Robinson in offering the new proposition as an amendment to the pending agriculture appropriation bill. A two-thirds vote will be necessary to aid the unauthorized fund but Robinson is confident of the votes.

The $45,000,000 measure, sent to President Hoover tonight after the senate receded from amendments in dispute in the house, is for loans for the farmers to put in this year's crops. It comes available immediately.

ASK APPROPRIATION.

SEATTLE, Jan. 14. (AP)—The Cascade Tunnel association will ask the present legislature for an appropriation of $100,000,000 for a survey of the proposed Cascade tunnel. The Seattle chamber adopted resolutions against the project.

PRISON BARS FOR A CENTURY

SENATE LEADERS ATTACK CRITICISM

Wheeler Replies to President's Statement on Power Commission.

WASHINGTON, Jan. 14. (AP)—Senate leaders of the movement to recall the nomination of three members of the new power commission began today to fight back at President Hoover for his criticism of them.

Senator Wheeler, (dem., Mont.) replied on the senate floor to the president's statement and Senator Walsh (dem., Mont.) said he expected to move to send the nominations back to the interstate commerce commission for an investigation.

Wheeler said he was "amazed" at the president's refusal to return the nominations and characterized the president's explanation of his refusal as a "strange statement for a president—impugning the good intentions of the senate."

President Hoover, in refusing to return the nominations, issued a statement declaring he had no power to do so and criticized the senate for attempting to interfere with executive powers.

Wheeler said he believed the senate was uninformed on the fact in the power case and charged the chief executive with "misstatements of fact."

Calling attention to the reemployment of Frank E. Bonner, former executive secretary of the commission, in the interior department and the dismissal of Solicitor Charles A. Russell and Accountant William V. King, Wheeler said.

"The president has chosen to stand by a man fighting for the power interests and against Russell and King who stood up as public servants fighting for the rank and file of the people of this country.

"Practically every member of the interstate commerce commission was of the opinion Bonner was too friendly with power interests."

"The president does not know the facts or else you cannot help but conclude that he is in sympathy with the views held by Bonner," he concluded.

SEEK TAX UNIT ELIMINATION

BOISE, Jan. 14. (AP)—A demand for elimination of taxing units and consolidation of counties to reduce the tax burden was made by Senator John Roberts (rep.) in the state affairs committee today.

He said there were altogether too many taxing units—counties, highway and school districts, constantly sapping the taxpayers' money.

"I am for a county unit system in school government," he said. "The grange opposes it as taking control of school organizations away from the local taxpayer. Yet with a county unit system we would have better education for our children at less cost."

In the same tenor the proposal for county consolidation was made. Senator Robertson said there would "never be any relief from taxes until some of these local taxing units are abolished. We could wipe out the state tax altogether and yet taxes would be too high."

He urged elimination of 20 counties by consolidation with other counties as a means of reducing the cost of local government.

The committee considered briefly the primary bill introduced by the democratic-republican combine and recommended that it be printed.

THINK TEACHER'S BODY IS FOUND

FORT MORGAN, Colo., Jan. 14. (AP)—Officers were attempting to connect the disappearance of Enid Merriott, 28, Wiggins, Colo., teacher and the discovery tonight of a charred body near Laramie, Wyo.

The remains revealed a gold bridge work and two gold teeth but there was a discrepency regarding the location of the head of the gold teeth. A check was impossible.

MEXICO CITY FEELS SEVERE EARTHQUAKE

One Person Killed; Inhabitants Thrown Into Furor, Reports Say.

MEXICO CITY, Jan. 14. (AP)—The sharpest earthquake felt in Mexico City for 19 years caused at least one death and four injuries tonight, at the same time starting fires in two parts of the city, cracking buildings and throwing the inhabitants into panic.

A woman was killed by a falling wall while four persons, one of them a small child, were injured by falling objects in houses.

The shock began at 8:48 p. m. (c. s. t.) and for two minutes shook buildings with a rolling motion. Minor quakes continued for five minutes after the principal shock.

Electric lights went out, power lines were broken and telephone service interupted for some time.

The fright of the inhabitants, who ran out of their homes in terror as they began to heave, was pathetic. Despite a downpour of rain, with vivid flashes of lighting adding to their consternation, they ran to the streets and prayed for Divine protection.

Increasing their alarm was a peculiar yellow light which pierced by lightning, was visible in the sky at the time of the main shock and continued for an hour. Many were looking for the worst, for shocks followed a three-day period of cold weather that was unusual for this usually pleasant city.

Much suffering was in evidence since heating apparatus in general is poor and many persons had no heavy clothing. Hundreds who had never been out of the capital saw their first snow.

ENGLISH BARONET PAGED BY RADIO

LONDON, Jan. 14. (AP)—British radio systems today paged Sir Francis Barrow, English baronet, who mysteriously disappeared 18 years ago and has not since made his whereabouts known.

A broadcast carried the urgent appeal of friends to come home immediately since his eldest son, Wilfred John Wilson Croker, heir to his title, is seriously ill.

The broadcast was the first revelation to the general public that the baronet, who is the fourth of his line, was missing. Lady Barrow, his wife and other members of the family declined to discuss the disappearance or other circumstances of the case.

If still alive Sir Francis would be 68 years old.

LARGE INSURANCE.

LOS ANGELES, Jan. 14. (AP)—Mitzi Green, 19-year-old film actress, is insured for $1,000,000. The cost to her father is $15,000 a year.

CLAIMS SCHOOL DEPARTMENT IN NEED OF FUNDS

Assistant Superintendent of Public Instruction Suggests Many Remedies.

BOISE, Jan. 14, (AP)—L. A. Thomas, newly appointed assistant state superintendent of public instruction, declared today, after two days observation of the functions of the department, that it was "anemic" for lack of finance and crippled by failure of the law to define its duties.

As a remedy he urged giving to the superintendent of public instruction full control of high school and grade school education and allot to the commissioner of education supervision of higher education.

"At present there is no definition of the duties of these two executive arms of the board," he said. "the superintendent is charged with being 'largely' responsible for the public schools and yet the duties of the office are so overlapped by the duties now given the commissioner of education that there is constant conflict distasteful to both executives.

Decidedly Two Fields.

"There are decidedly two fields of education for the two posts to supervise and the legislature should make provision that one shall not be subordinate to the other.

"Yet at present the office of commissioner of education has a salary and wage account in his office of $32,510 in the present budget against this is a salary and wage account of the office of superintendent of public instruction of $13,800. Total expenses of the two branches are alike out of proportion, $51,600 approved by the governor in the budget for the office of commissioner, $22,203 for the ofstruction office of superintendent.

Salary Is Less.

"The salary of the state superintendent is equal only to that of the chief clerk in the commissioner's office while that of the assistant superintendent is $800 less for the biennium than the clerk.

"If there is no disposition on the part of the legislature to abolish the superintendent's post it can only be pointed out this could be accomplish short of four years the time to make a constitutional amendment.

"I am convinced the state should define the duties of these two departments to end further conflict."

LAKE CITY CITIZENS COMMITTEE DEFEATED

Commissioners Will Take No Legal Action in Sheriff Case.

COEUR D'ALENE, Jan. 14. (AP)—The Kootenai county commissioners will take no legal steps to carry out the wishes of a group of Kootenai county taxpayers prevented at a hearing in district court room this afternoon. Henry Caraway, spokesman for the group, contended there had been "thousands of dollars paid to Sheriff C. A. McDonald for the care of prisoners" for which the sheriff "had made no report."

Caraway alleged that if investigations should prove there had been a profit made in the boarding of prisoners, it should be turned into the county treasury.

The board, supported by a report made by Commissioner Emmett Barnes, asserted the procedure in Kootenai county was virtually the same as in four other counties of the Idaho panhandle, and in other counties as far as they could learn, and that following the investigations they had made and the statements made at today's meeting, they had concluded there was no ground for starting any action that would justify spending the taxpayers' money.

They stated they had changed the method of receiving reports from the sheriff regarding care of prisoners and that they had heretofore been following the custom of years.

E. O. Cathcart, chairman of the board, presiding, asked for a vote on support for Caraway or for the the board. The vote was 23 for Caraway and 39 for the board and the matter was settled "as far as the board was concerned," it was said.

FINDS PROFIT IN CABBAGES.

BENKLEMAN, Neb. (AP)—Planting seed instead of plants, George E. Pringle of Benkleman raised 180 tons of cabbages on nine acres in 1930. He received $4,500 for the crop.

EXPLOSIVES FOR ROADS.

WASHINGTON. (AP)—Consumption of dynamite in work on highways and roads in the United States is estimated at 20,000,000 pounds annually.

CLARA BOW'S PRIVATE LIFE REVEALED IN TRIAL OF HER SECRETARY IN LOS ANGELES

DESCRIBE NEW TAX SYSTEM FOR IDAHO

Proposal Would Relieve Burden Now Borne by Real Property.

BOISE, Jan. 14. (AP)—Roy Dodge, Seattle tax expert, today described to the republican legislative caucus a tax system which he said he was certain would reach the intangible properties not now being taxed and provided a means for relieving the tax burden now borne by real property.

He offered his services to draft a bill which would carry out his ideas. The offer was taken over by the house revenue and taxation committee for consideration.

Dodge outlined his plan as a tax assessed by the state for the privilege of doing business in Idaho. In this form it is in effect in a number of states and working effectively, he said. As a variant for Idaho he suggested a differential in the rate of taxation to favor those with a larger proportion of capital investment in the state.

By this means he said companies doing business in the state would be encouraged to invest more heavily in the state to get into the lower tax brackets and thus much needed new capital would be brought into the state.

It provided an equalization feature in that taxes on real property could be deducted from the amount of tax placed on the net income of an individual or business. By this means, he said, those bearing the burden would not be additionally taxed in the few instances where the tax on their income exceeded their real property tax.

On the other hand it would tax all incomes from intangibles, both from ordinary securities and "tax exempt securities." He said the supreme court had upheld a tax covering both these fields.

Solves Bank Tax

Another feature, he said, was the solution of the bank tax problem. The plan places an equal burden on national banks and capital competing with them. He did not estimate the income expected but said whatever income was brought in it would be almost entirely from sources not now paying.

Such a repayment system, he added, in turn would solve the problem of increasing the assessed valuation. The tendency now is for counties to decrease valuations to bear a smaller share of the state tax. Under the new system there would be an incentive to increase the valuation so as to get an increased share of collections.

STRIKING MINERS DEMANDING FOOD

MAESTAG, Wales, Jan. 14. (AP)—Nearly 1000 striking miners carrying banners with inflammatory slogans last night attempted to march to Caeru to demand food at the Bridgend workhouse.

Marching to the light of pit lanterns they interspersed their songs with shouts "If you want bread join us." The police sent out an escort and intercepted them just outside the town and ordered them to disperse. At one time it looked as if trouble migh develop but the counsel of older men prevailed and the men finally went home quietly.

QUADRUPLETS BORN.

ABERDEEN, S. D., Jan. 14. (AP)—Quadruplets were born to Mrs. E. A. Scheuse, farmer's wife of Aberdeen, in a hospital last night. There were two boys and two girls.

Film Actress Sued

Associated Press Photo

Dorothy Janis, film actress, was named in a $25,000 alienation suit filed in Los Angeles by Mrs. Sada Evelyn Lund, former vaudeville dancer. She is charged with stealing the love of Sidney D. Lund, movie technician.

Daisie DeBoe Charged With Grand Theft; Says Clara Was Drunk

LOS ANGELES, Jan. 14. (AP)—What might have been entitled "the private life of Clara Bow" was unfolded in superior court here today on the third day of the trial of Daisie DeBoe, former secretary of the flame-tressed "It" girl of the screen.

Miss DeBoe is charged with grand theft in connection with the disappearance of $16,000 from the "Clara Bow special bank account."

Among other things Miss Bow was pictured by Miss DeBoe as a likely victim of wild money making schemes, Benjamin O'Dell, Hollywood bank official, testified. O'Dell said Miss DeBoe, in withdrawing $22,000 from the actress' savings account, said she was afraid Rex Bell, Miss Bow's "boy friend," would enduce the screen star to invest it in a "wild scheme."

Nathan Freedman, defense counsel, asked: "What was this wild scheme ?

"Oh, Miss DeBoe told me about so many of them. Let's see. I think this one was a wild idea of some German to raise $1000 to $10,000 bills."

O'Dell said the $22,000 was obtained in a certified check which was placed in a deposit box. When the box was opened the check was not there, he testified.

Bell on Stand.

Rex Bell sat beside Miss Bow at the counsel table most of the day. He took the stand once to tell of receiving 1558 canceled checks and papers from Mis DeBoe which he said he turned over to the district attorney. He blushed when showed telegrams which he identified as his and one of which was partly read.

It said:

"Dear sweetheart, darling baby. I do miss you and this is only the beginning."

Mis Bow watched with troubled eye. She was absent when a confession allegedly made by Miss DeBoe was read. The confession described Miss Bow as being "through in pictures if she got one more slam in the papers." It told also of one occasion when the actress allegedly was drunk.

Say Miss Bow Drunk.

Concerning the allegation the confession said: "Miss Bow was drunk and if I had gotten into an argument with her she would have tried to kill me. I wouldn't have any words with her at all. I wanted to get things settled as quietly as possible and keep Clara out of the papers because one more slam and Clara is through."

The purported confession said Miss DeBoe declared the actress was preparing to go to the "beach home."

"She was getting dressed and she was drunk—very, very drunk" the document read.

In the confession Miss DeBoe then told of a watch being lost at the beach and of a search which included sifting of the sands. The insurance company was notified, she said, and sent a $750 check.

Two months later the watch was found under a cover of Miss Bow's bathroom perfume table," the document went on. "I told Miss Bow the $750 must be returned to the insurance company and Clara said:

"The hell I got to give them back that money. You go stick that watch in the safety deposit box and keep your mouth shut."

SCHULTE-UNITED IN RECEIVER'S HANDS

Petition of Creditors Places Assets at Nine Million Dollars.

NEW YORK, Jan. 14. (AP)—Schulte-United, Inc., controlling a chain of 97 "junior" department stores, was put into the hands of a receiver today.

The petition of three creditors whose claims aggregate about $3000 estimated assets of the corporation at $9,000,0000 and liabilities at $16,-000,-000. The company is a subsidiary of the Schulte Cigar stores group and was launched in 1928.

The receiver, the Irving Trust company, was named without opposition after counsel for Schulte-United, Inc, said it was necessary to conserve assets for the benefit of creditors and stockholders.

M. K. Whitman, vice president of David A. Schulte, Inc., said the receivership was "the result of a combination of adverse circumstances all of which grew out of the general business depression."

A receiver also was named for Milners Inc., an affiliate of the Schulte-United group, operating upward of 30 stores dealing in women's wear.

CHECK FOR LOST UMBRELLAS.

LONDON (AP)—Mayfair umbrella losers are happy. Jewelers' shops just now are showing little gadgets to send their umbrellas home. They are little gold-latticed "windows" an inch square which attach to the handle and lift up to show the owner's name and address. Similar clips are provided for gloves.

MEMORIAL SENT TO HOUSE FOR ITS APPROVAL

Would Have Government Pay Taxes for Indian Lands; Senate Approves Plan.

BOISE, Jan. 14. (AP)—Pressed by expected early action on a measure in congress the Idaho state senate jammed through a memorial to congress today to have the United States pay taxes on Indian lands and sent it to the house for similar action.

The memorial, presented by the committee on public lands, pointed out that the state and several counties are burdened by large areas of tax exempt Indian lands. A bill pending, to which action is expected tomorrow, provides for payment of such taxes by the government.

Senator Pettibone, Idaho, and Senator Shafter, Nez Perce, supported the memorial, insisting on immediate action.

Shafter said the Indians were taking advantage of the situation to the extent that they were surrendering certificates of title to the land in order to escape taxation.

Two other measures were introduced in the senate and that body went into committee of the whole to amend the bill providing for a moratorium on state lands sold to settlers.

The house had little on its calendar and recessed early with the proviso that it would come back in the afternoon and enact the memorial to congress on the Indian land question.

Sponsor Memorial.

A second memorial, directed to the Secretary of Agriculture Hyde asked that money appropriated for Oregon, under the Colton-Deadie bill, be spent only on the Idaho-Oregon cutoff, was sponsored by the southwestern Idaho business and civic organizations.

It was presented by Senators Mcfan and Grehe and was directed not only to the secretary but to the Oregon highway commission and members of congress. It was specifically asked that the money be spent on the road from Nyssa, Ore., on the Idaho-Oregon line to McDermott on the Oregon-Nevada line.

A senate bill providing that counties could trade to the forest service lands seized for taxation, if suitable for reforestation, in return for stumpage of equal value was introduced by the forestry committee. The bill, introduced by Senator Talley, chairman of the committee, provided that the transfer could be made without advertising.

The amendments to the bill, providing for a moratorium on state land sale contracts, precipitated a sharp debate in the senate today with Senator Hoops, Madison, democrat, leading the fight.

Could Defer Payments.

The bill provided that all payments on principal and interest on estate land up to January 1, 1931, might be deferred by the land department as a relief measure to farmers hurt by the depression. It was aimed particularly to aid dry land farmers of Teton, Madison and Jefferson counties who were hit when the price of wheat, their principal crop, dropped to 50 cents a bushel and under.

It was put before the senate for amendment when three senators, who drafted it, discovered the wording was improper. It was assailed by Senator Robertson, republican, Washington, who insisted that the farmers should be required at least to pay interest.

To Robertson's insistance that this was dealing with public endowment funds Senator Hoops replied that "as a matter of fact this is not dealing with money that is likely to be paid if the bill fails to pass." He said the farmers already were delinquent on their payments and could not pay as long as the present low wheat price prevailed. To press any payment he warned "merely means they would give up their lands and turn them back to the state."

Senator Callahan, Shoshone, as chairman of the joint appropriations committee, dashed hopes for wage increases out of this session.

The decison of the committee, he said, to reject such increases is in line with Governor C. Ben Ross' attempt to reduce expenses. He quoted the Governor as saying he had disapproved every request for wage increase in the budget.

NO NEED FOR DEFORMITY NOW

NEW ORLEANS, Jan. 14. (AP)—There's no need to go through life with a facial deformity now, Dr. Gordon B. New of the University of Minnesota told the closing session of the American College of Surgeons group, meeting here.

In reconstructing a destroyed ear or nose, explained Dr. New, the foundation of cartilage usually is obtained from the ribs of the patient, over which tissue and skin are grafted to produce almost a perfect member. A shattered jaw or cheekbone can be rebuilt from a piece taken off the hip.

DAMAGE AIRPLANE IN LANDING AT KELLOGG

Kittrell, Cleaver Are Uninjured; Plan to Start Flying School in District Soon.

Elden Kittrell, son of Mrs. L. J. St. Jean, who, with Louis Cleaver, one of his flying instructors at the Tex Rankin school of flying, Portland, plan to open a flying school and service for this district, landed on the Kellogg field Wednesday afternoon at 1:30 o'clock.

Kittrell and Cleaver made the trip from Portland in six hours and 40 minutes flying time. Leaving Tuesday afternoon they were forced down at Connell, Wash., because of darkness and spent the night there. Leaving there Wednesday morning they made the flight to Kellogg in two hours and 20 minutes.

In landing on the Kellogg field the plane was damaged slightly when the deep and melting snow acted as a brake and nosed the ship over. Kittrell was at the controls. The propellor was broken and a vertical fin was damaged but the occupants were not injured. The damage is expected to require several days to repair because none of the parts can be obtained here.

The plane is one of the latest type air-cooled training and passenger airplanes and will be used as a training ship.

ELKS' RITUAL CONTEST JAN. 21

Only three teams, Coeur d'Alene, Sandpoint and Wallace, will compete in the Elks ritualistic contest in Coeur d'Alene on January 21, S. H. Fairweather, exalter ruler of the local lodge, announced Wednesday morning. There were to have been four entries but St. Maries is definitely out. Mr. Fairweather has been advised.

Elks from Spokane are expected to judge the work. The winner of the competition will meet the winner of the Lewiston-Moscow contest for the right to represent North Idaho at the state convention. Elks in this district desiring to attend the work are asked to get in touch with W. C. Rullman or Mr. Fairweather and transportation will be arranged.

FOX TERRIER SHOT.

Spot, a fox terrier owned by Mr. and Mrs. Harry Hoban, Osburn, who disappeared late Friday night was found dead Wednesday morning on the railroad right of way in back of Hoban's store. The dog had been shot once through the head and twice in the body. Mr. Hoban, automobile license clerk in the office of Mrs. Herrick, county assessor, reported.

D. A. R. PLANS SILVER TEA

Plans for a silver tea to be held on Washington's birthday were outlined at a recent meeting of the D. A. R. at the home of Mrs. Harry Marsh. Mrs. Bruce Worstell read a paper on the life of Thomas Jefferson. It was also announced that a contribution had been made to the Christmas seal campaign and that three calendars were placed in public buildings, public school, sisters school and city library in accordance with a national publicity campaign being conducted by the organization.

REBEKAH OFFICERS TO BE INSTALLED

Installation of officers, followed by a short program, will feature the meeting of Rebekah lodge members Thursday night at 8 o'clock in the I. O. O. F. hall.

Peter Blum, L. T. Roberts, Claude Babin, H. M. Rude, A. B. Taylor, Harris Solum, Otto Von Bargen, Adolph Haupt and N. Earle Bushnell will appear in a short sketch entitled, "Lodge Room Follies."

Two piano duets, "Charge of the Hussars" and "Under the Banner of Victory" arranged by George Rosey, will be played by Mrs. Ellen U. Smith and Miss Violet Murley. The program will conclude with selections by the Rebekah instrumental quartet, "Sweet Hawaiian Moonlight," by Klickman, and "Drifting," by Fred Strubel, to be played by Mrs. Ellen U. Smith, Miss Ida Chandler, Miss Violet Murley and Miss Beth Bascome.

BURKE

Rev. and Mrs. W. C. Bowman and son, David, of Wallace were dinner guests of Mr. and Mrs. George N. Osborne Tuesday evening.

Miss Harriet Doyle of Wallace visited friends here Sunday.

Kenneth Dodson was a Wallace caller Sunday evening.

H. D. Saunders, and H. D. Saunders Jr. of Portland were business callers in Burke Tuesday.

Carlo Anderson of Gem transacted business in Burke Tuesday.

Otto Ports of Wallace was a business caller in Burke Tuesday.

Henry Scheideman, Earl Wheeler and Trueman Wheeler went to Wallace Tuesday evening.

Earl Allen, who has been worked at the Hecla for some time, left recently for his old home in Missouri.

W. O. Broderick of Wallace was a business caller here Monday.

Arthur Herman, Chester Smiley and Roy Wolf were Wallace callers Monday evening.

Mrs. Alvin Hall who has been ill at her home with influenza for a couple of weeks is greatly improved.

Miss Anna Sears, Mace primary teacher, resumed her teaching duties Monday following several days illness with influenza.

Mrs. Martha Stephens received word from her daughter, Miss Evelyn Malone, stating she had left for San Francisco to enter the Mount Zion Training School for nurses. Miss Malone, former Burke resident and high school graduate, has spent the past three years in Seattle.

GOGGINS RELEASED.

Dennis Goggins, former deputy sheriff, who was confined to the Providence hospital with a broken arm, was released Wednesday.

BIRTHDAY PARTY.

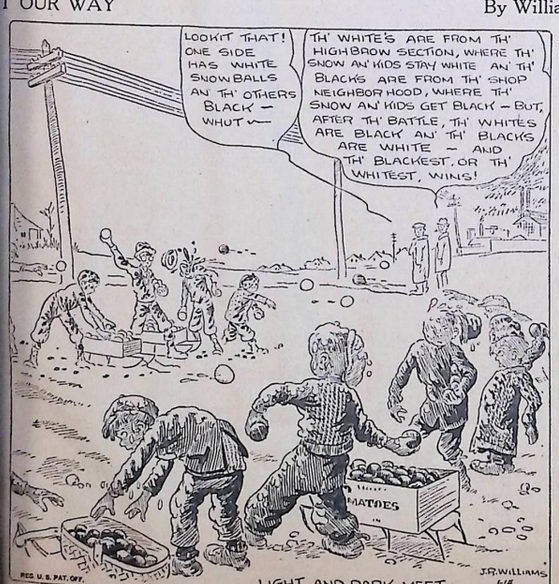

BURKE, Jan. 14 (Special)—Mrs. Martha Stephens entertained a group of little folks at her home Tuesday evening in honor of the seventh birthday of her daughter, Mary Jane. Games were enjoyed after which refreshments were served. Those who attended were Miss Anna Sears, Patricia and Marjorie Raney, Tommy Brown, Johnnie Plumlee, Corrine DeCelles, Glenn Wimer, Charlotte Wellman, Donald Castle and Harriette Spoor.

RE-ELECT OFFICERS.

Officers of the Providence hospital were re-elected at the annual banquet of staff doctors at 12:30 o'clock Wednesday afternoon.

LIGHT AND DARK MEET

SUNSHINE MELLOWS
Heat Purifies

LUCKIES are always kind to your throat

Everyone knows that sunshine mellows—that's why the "TOASTING" process includes the use of the Ultra Violet Rays. LUCKY STRIKE—the finest cigarette you ever smoked, made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING"—that extra, secret process—removes harmful irritants that cause throat irritation and coughing.

The advice of your physician is: Keep out of doors, in the open air, breathe deeply; take plenty of exercise in the mellow sunshine, and have a periodic check-up on the health of your body.

"It's toasted"

Your Throat Protection—against irritation—against cough

TWIN CITY AND MINE LEAD LEAGUE

Kellogg Team Wins From Seeber Motors; Kellogg Eagles Defeat Hercules Mill; Firemen Lose to Big Macs.

VALLEY LEAGUE.

	Won.	Lost.	Pct.
Twin City	2	0	1,000
Morning Mine	2	0	1,000
Wallace Eagles	1	0	1,000
Seeber Motors	1	1	.500
Kellogg Eagles	1	1	.500
Big Macs	1	1	.500
Mullan Drug	0	0	.000
Rose Lake	0	1	.000
Hercules Mill	0	2	.000
Wallace Firemen	0	2	.000

Results Wednesday.

Kellogg Eagles 43, Hercules Mill 26.
Twin City 30, Seeber Motors 18.
Big Macs 18, Wallace Firemen 12.

Result Monday.

Morning Mine 19, Rose Lake 17.

The Twin City and Morning Mines, with two victories and no defeats each, went into the lead in the race for the Coeur d'Alene Valley Basketball league pennant as the result of games played this week.

The Twin City had an easy time trouncing the Seeber Motors 30 to 18 as part of a double bill at Kellogg Wednesday night. The Morning Mine raced out the Rose Lake quintet, 19 to 17, Monday night to chalk up its second victory.

The Kellogg Eagles staged a last-half barrage on the hoop to smother the Hercules Mill, 43 to 26, on the Kellogg shelter city court, while the Big Macs were hard put to win, 18 to 12, from the firemen on the Wallace courts.

Take Early Lead.

The Twin City hoopsters went into a lead soon after the opening whistle and were never headed during the remainder of the game, although several promising Seeber Motors rallies were nipped in the bud. The Twin City team had an 18 to 10 lead at the half-time. Drummond was high scorer with nine points.

Crippled by the absence of three regulars because of illness and injury, the Hercules Mill five put up a valiant fight against the Kellogg lodge five but, after holding the Eagles to 17 to 11 score at the half, the strain was too much during the last half and the Eagles ran wild. Valentine was high point man with 11 tallies.

The Firemen-Big Macs game at Wallace was a rough and tumble affair with many teams missing setup shots. Play was close and hard-fought, however, throughout the frame. At the half, the Big Macs led, 10 to 6. Lamuth, with six points, was high scorer.

The lineups:

Big Macs (18)	Firemen (12)
Emmingham, R.F.	Crowley
Hopkins	F. Magnuson
Crawford	Strope
Lamuth	Rizzonelli
Peterson	Farnsworth

Substitutions.

Big Macs—Lutz for Emmingham, Turnbull for Hopkins, Taggart for Lamuth, Emmingham for Lutz, Hopkins for Turnbull, Lamuth for Taggart, Taggart for Scrafford.

Firemen—Grismer for Farnsworth.

Scoring.

Big Macs—Field goals: Lamuth 3, Peterson 3, Scrafford 1, Hopkins, 1; foul conversions: Scrafford 1, Hopkins 1.

Firemen—field goals: Rizzonelli 2, Magnuson 2, Crowley 1, Farnsworth 1.

Referee—Benning.

Twin City (30)	Seeber Motors(18)
Hughes	R.F. Mills
Lemich	L.F. Clifford
Brown	C. Heufner
Utt	R.G. Simmons
Drummond	L.G. O. Heufner

Substitutions.

Twin City—E. Utt for Hughes.
Seeber Motors—Kroll for Mills.

Scoring.

Twin City—Field goals: Drummond 8, R. Utt 3, Brown 2, Lemich 2, Utt 1, Hughes 1; foul conversions: Drummond 1, R. Utt 2, Brown 1, Hughes 1.

Referee—Lohman.

Kel. Eagles (42)	Hercules Mill (26)
Anthony	R.F. Jones
Valentine	L.F. Smith
Connelly	C. McKeown
Ross	R.G. Jaggard
Paul	L.G. Anderson

Substitutions.

Eagles— Lohoefer for Anthony, Taylor for Connelly, Hawks for Paul; Hercules Mill—King for Jones, Vanden for Smith, Shawgo for Anderson.

Scoring.

Eagles—Field goals: Valentine 5, Connelly 5, Ross 4, Anthony 1, Paul 1, Lohoefer 2, Taylor 2; foul conversions: Valentine 1, Lohoefer 1, Hawks 1.

Hercules Mill—Field goals: McKeown 2, Anderson 2, King 4; foul conversions: McKeown 2, Jaggard 4, King 1, Smith 1.

MRS. FISH WINS

Iva Fish was granted a divorce from Lionel Fish and the restoration of her maiden name, Iva Eva, by Judge A. H. Featherstone in district court Wednesday afternoon.

HUBBS REPLACES KOPE ON FORCE

Resignation of Harry Kope as night patrolman and the appointment of Lew Hubbs to take his place was announced by Vic Langley, chief of police, Wednesday afternoon. Mr. Hubbs, a mechanic at the Yellowstone garage, formerly was in charge of 14 men in the mechanical department of the Conlon Motor company, Great Falls, Mont., before coming here. He assumed his new duties last night.

The change is the second to be made in the personnel of the department in less than ten days, Bert Sebastian having taken the place of James A. Phelan, traffic officer, several days ago.

FORMER VANDAL HOOP STARS ON COURTS STILL

UNIVERSITY OF IDAHO, MOSCOW, Jan. 14.—When Harold Stowell and Frank McMinn, two of the greatest hoop stars who ever wore Vandal uniforms, were graduated from the University of Idaho last spring, they did not thereby sever connection with basketball.

Stowell, the individual high scorer of the Pacific coast conference last season, is preparing to lead the University of Idaho, Southern Branch hoopmen through a tough schedule which starts January 17 at Pocatello. As head coach of the Tigers, Stowell has about two dozen men working out daily, seven of them veterans. The Bengals are looking forward to a successful season under the former Vandal star.

The other half of the "Pocatello Twins" is playing with a professional quintet in Kansas City. McMillin won All-Coast recognition as well as high point honors the year before Stowell earned the same distinction. Last year, even after an injury had prevented him from playing in three conference games, McMillin finished among the first 10 in the conference scoring column.

In his junior year McMillin won All-American mention. Two other All-American hoopmen are playing on the same quintet with him in Kansas City.

MULLAN BEATS PLUMMER

Mullan City Hoopsters Run up 22 to 11 Count; Pozar is Star With 14 of Team's Total.

Mullan high school basketball team defeated the Plummer high school, 22 to 11, on the Morning City court Wednesday evening in a south division, Panhandle conference game.

Led by Pozar, the Mullan quintet went into an early lead and had the game on ice by the end of the third quarter after the lanky center began rimming the hoop with an "eagle eye." Pozar scored 14 of his team's total points. Mullan had a lead of 8 to 5 at the end of the first half.

Superior passing enabled the Mullan hoopsters to work the ball down the floor time after time to give Pozar the ball for short shots.

Plummer's team, on a barnstorming trip through Shoshone county, will meet Kingston Thursday night and Friday night will engage the Burke Bobcats. Wallace and Mullan tangle Friday night on the Wallace court and Saturday night the Miners will entertain the Kingston five, both southern division contests. Kellogg is slated to meet Harrison on the Wildcat court.

The lineups:

Mullan (22)	Plummer (11)
McPhail	R.F. A. Dretke
Bowens	L.F. K. Taylor
Pozar	C. Gage
Krulitz	R.G. C. Miller
Crawford	L.G. Cluphf

Substitutions.

Mullan—Presti for McPhail, Kaipi for Bowens, Hill for Pozar, Teed for Krulitz, Giachino for Crawford, Olson for Kaipi, Polla for Olson.

Plummer—McFayden for Taylor, Jaeger for Sluphf.

Scoring.

Mullan—Field goals: Pozar 7, Kaipi 1, Crawford 7, Giachino 1; foul conversions: McPhail 2.

Plummer—Field goals: Gage 3, Drake 1; foul conversions: Dretke 2, McFayden 1.

Referee—Hally.

ROWING COURSE BEING BUILT

LOS ANGELES, Jan. 14—The rowing events of the games of the 10 Olympiad, which will be celebrated here from July 30 to August 14, 1932, will be held in a specially constructed rowing stadium at Long Beach, near this city.

Adjoining it is Alamitos bay, which provides excellent practice courses. A railway extends along the entire length of one side of the rowing stadium, making it possible to transport the spectators to various points along the course.

Sufficient space exists on the sloping sandy banks on either side of the course to accommodate 100,000 spectators, with room at the finish line for 10,000 additional persons in a reviewing stand. The entire stadium, when finally improved with fences, gates and seats, will be ideal.

The organizing committee will provide a suitable boat house for all the racing shells which will be brought to Los Angeles for the Olympic games as well as lounges, dressing rooms and shower baths for athletes.

Detail plans for all installations at the rowing course are now being completed by the organizing committee with the close cooperation and advice of M. Rico Fioroni, president, and M. Gaston Mulleger, honorary secretary of the Federation Internationale des Societes d'Aviron.

The rowing stadium is less than 45 minutes ride from Olympic stadium in Los Angeles and is accessible by electric interurban rail lines and by several boulevards. Olympic officials, who have seen the stadium, state that it is ideally fitted for the various rowing events on the Olympic program.

SOCIETY TO MEET.

The Ladies Benevolent society of the Congregational church will meet at 2:30 Thursday afternoon at the home of Mrs. D. R. Thomas, 312 Pine street.

The New York Whirlwinds, professional basketball team, have a star forward, Buck Wingo, who has only one arm.

CARIDEO—THE COACH

BY PAP

DEMPSEY MAY BE IN RING AGAIN

Challenged by Jack Sharkey for Charity Bout; Rebukes Boston Sailor for "Time Clause."

BALTIMORE, Jan. 14. (AP)—Jack Dempsey, former heavyweight champion of the world, denounced Jack Sharkey in a statement issued here in connection with the latter's offer to fight the former champion within "six weeks for charity."

"In his usual cautious way," Dempsey said, "Sharkey specified 'within six weeks' realizing that it would be impossible to get into condition within that period. This reminds me of another 'charity bout,' which Sharkey proposed. That was when he challenged Bill Stribling to 'fight for charity' in New York on the exact date when Stribling was contracted to fight in Chicago.

Sharkey Will Fight.

BOSTON, Jan. 14. (AP)—Jack Sharkey tonight repeated his challenge to Jack Dempsey and agreed to give the former heavyweight champion six months "or any reasonable time" to train for a return bout.

"In my telegram to Dempsey," he said, "I specified that I would fight him anytime within the next six months, not six weeks as he claims.

"Dempsey can have six months or any reasonable time he wishes to get himself into shape to meet me. I have sought a return bout with him before but have been unable to get him to enter a ring with me. I am confident I can knock him out."

SLATTERY WINS.

CHICAGO, Jan. 14. (AP)—Jimmie Slattery, Buffalo, former world's light heavyweight champion, wiped out the wierd decision that King Levinsky was awarded over him recently by decisively defeating the Kingfish at the Chicago stadium tonight.

Carolina Woman Lost 47 Pounds

In Three Months and Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides.

"Now I am glad to say I am a well woman, feel much stronger, years younger, and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say.

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it. Mrs. S. A. Solomon, New Bern, N. C., Jan., 1930. P. S. You may think I am exaggerating by writing such a long letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

A bottle of Kruschen Salts that lasts 4 weeks costs but 85 cents at the Steward-Wallace Drug Store and druggists the world over. Take one half teaspoon in a glass of hot water every morning before breakfast.

Attention to diet will help—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—the Kruschen way is the safe way to lose fat. Try one bottle and if not joyfully satisfied—money back.—adv.

MONTANA MINES' PRODUCTION LESS

(Continued From Page Two.)

tions at the Block P mine, owned by the St. Joseph Lead company, were continuous from January to September, after which the company's 400-ton flotation plant was closed. The property again ranked first in the output of lead in Montana, but the closing of the mine decreased the lead output of the state about 25 per cent.

The Emma mine of the Butte Copper & Zinc company again held second place as a producer of lead, although a decrease of over 40 per cent was reported in its output. The Jack Waite Mining company, operating property on the divide between Shoshone county, Idaho, and Sanders county, Montana, mined considerable lead ore from the eastern section of the property in Montana. Ore from this property was concentrated at the Jack Waite mill and the concentrates were shipped to Kellogg, Idaho, for smelting. The property ranked third as a producer of lead in Montana in 1930. Other large producers, named in the order of their output, were the Butte & Superior and Poser mines, the East Helena slag fuming plant, and the Anaconda, Comet, Trout, Joe Dandy, and Commonwealth properties.

The lead smelter at East Helena was regularly operated. The receipts in 1930 consisted chiefly of lead ore and concentrates from Idaho, but included considerable lead concentrates from Montana, as well as residues from the electrolytic zinc plants at Anaconda and Great Falls.

Great Zinc Decrease.

The output of zinc recovered from ore mined in Montana decreased from 136,351,734 pounds in 1929 to about 70,297,050, the lowest output and value since 1921 and a decrease of more than 63 per cent from the value of the output in 1929. The electrolytic zinc plants near Great Falls and Anaconda were operated continuously, treating concentrate from Anaconda and Butte and considerable custom material, chiefly from Utah, Idaho, and Montana.

Nearly 64 per cent of the total output of zinc from Montana mines was produced from three properties at Butte, and most of the remainder came from the East Helena fuming plant and the Block P mine. The Butte & Superior mine was the largest producer of zinc in Montana in 1930, but the gradual depletion of the commercial ore and the closing of the mine in August resulted in an output nearly 65 per cent less than that of 1929. The group of zinc mines owned by the Anaconda Copper Mining company, including the Elm Orlu, Poser, Moulton, Curry and Magnolia mines, took second place in zinc output and the production was distinctly less than the output of the group in 1929.

The East Helena slag fuming plant of the Anaconda Copper Mining company, which treats current slag from the lead smelter, was third in zinc output in Montana, followed by the Emma property at Butte and the Block P property of the St. Joseph Lead company, near Hughesville. Shipments of concentrates from the Block P mine ceased in September and the company reported a decrease of about 18 per cent in zinc output compared with the output of 1929. The North Butte Mining company, a large producer of zinc in 1929, mined no zinc ore in 1930.

Considerable lead-zinc ore was milled from mines in other districts in Montana, and especially from the Trout and Silver Prince mines in Granite county and the Comet mine near Basin in Jefferson county. The custom flotation plant for lead-zinc ore was active at Anaconda, and the Anaconda Copper Mining company also operated the Timber Butte custom mill south of Butte. The production of the Elm Orlu, Poser, and Moulton mines, formerly large zinc producers, is included with that of the Anaconda group since the Clark property at Butte was purchased by the Anaconda Copper Mining company in 1928.

LOU LEMON, Prop.

THE WELL-DRESSED MAN

He's a little sensitive about clothes. The golf stockings, which he likes rather well, match his brown tweed knicker suit . . . his necktie, purchased uptown, bears an authentic label. His hat is right . . . his oxfords all they should be. A well-dressed man——aged eight!

His mother, you may be sure, reads the advertisements. There are so many pertinent and valuable suggestions in them . . . clothes to wear, labor-saving devices for the kitchen, hints on health, places to go, ways to save money . . . that in her busy task of making men and women out of active, intelligent youngsters, advertisements are really indispensable!

Read the advertisements in this newspaper . . . especially if you are raising a family! Advertisements tell you what you are buying before you spend a cent. They give you the latest ideas, the most recent developments of trustworthy manufacturers. And with their up-to-date news of clothes and refrigerators . . . of watches . . . airplanes . . . electronic tubes . . . they keep you abreast of your children!
